TOWN OF CHINCOTEAGUE

October 5, 2006 - 5:30 P.M. – Council Chambers - Town Hall

CALL TO ORDER

ROLL CALL

OPEN FORUM / PUBLIC PARTICIPATION

AGENDA ADOPTION:

-
1. Emergency Management Report (Bryan Rush)
 - A. Tropical Depression Ernesto
 - B. Reverse 911 Results
 - C. Pandemic Flu
 - D. Supplies
 - E. Planning
 - F. Communications
 - G. Training
 2. Closed Meeting in Accordance with Section 2.2-3711(A) (1) of the code of Virginia.
 - Police Legal Matters

ADJOURN:

TOWN OF CHINCOTEAGUE EMERGENCY MANAGEMENT MONTHLY REPORT

**Submitted by Bryan Rush
September 28, 2006**

TROPICAL DEPRESSION ERNESTO

There was a declaration for federal disaster assistance declared for our area on September 22, 2006. The declaration covers public assistance and hazard mitigation grants. As of the date of this report, Governor Kaine was appealing to the President for individual assistance.

The Town's initial request paperwork has been sent in and we are awaiting a "kick off" meeting with FEMA to proceed. We may be eligible to recover 75% of our cleanup expenses.

REVERSE 911 RESULTS

The first testing of the REVERSE 911 system was not as successful as we might want, with only a 6.9% success rate (See enclosed report). The main thought is that the timing of the calls may have made the impression of a tele-sales call. The discussion that Bryan Rush had with Jason Loftus, Dir. Public Safety Accomack County was that during an emergency a call placed at 11:00 pm would gather more attention as would a call placed at 6:30 am.

PANDEMIC FLU

The Pandemic Flu summit held August 8th gave an in depth look at avian influenza as well as a wide variety of influenza that could lead to a pandemic. Many speakers gave their in-site as well as expertise on the influenza topics. A table top exercise was conducted at the end of the summit with an after action discussion to reveal our local strengths and weaknesses. One of the main weaknesses was the impact of health care providers, not necessarily from illness but having to care for family members. Child care was another factor if schools were to close in a pandemic.

SUPPLIES

Bryan Rush has been contacted by a vendor distributing disaster meals. The vendor has sent samples along with facts/price sheet. The ladies in the Town office did some sample tests and report that the meal was really good. These meals are the new aged MRE's, with

a better selection and taste. The meals have a 2 year shelf life and are self contained. The only use I see for these meals would be an in house use during an extended EOC operation until State supplies arrived at our POD (point of distribution).

PLANNING

The Emergency Operations Plan is being reviewed with the help of Mr. Nelson Jester a community volunteer with years of experience in such activities that he gained from working at the Pentagon. Mr. Jester will be meeting with Bryan Rush to give his input and help make changes to the plan.

Another planning issue is being worked on with Eastern Shore Rural Health. Bryan Rush is working with key members to develop a plan to staff the center during severe weather emergency situations. The center already has a plan in the event of a biological attack or a pandemic but no plan is in place for severe weather. The goal is to define key players and a plan to help Emergency Medical Services in a situation where transport from the island is not feasible.

COMMUNICATIONS

The Charter Communication's Franchise agreement specifically states on page 17 section 8.14 C that the system shall provide audio function capable of being activated by designated Town officials. I have worked on this issue with a Mr. Everett James from Charter, who is the government account specialist, without any satisfaction. Previous acting Town Manager Jeffries was also working on this issue to no avail. Bryan Rush is recommending that Town Manager Ritter contact the Town's attorney to apply corrective action.

TRAINING

The ESDPC (Eastern Shore Disaster Preparedness Coalition) will be conducting a table top exercise Thursday, October 26 from 08:00 hours until 13:00 hours. This year the exercise will deal with pandemic influenza.

Bryan Rush will be attending the annual mandatory Virginia Department of Emergency Management's Coordinator's Briefing in Williamsburg, along with VDEM's Public Safety Outreach Conference on November 14-17.

Fire Prevention Week is October 8 – 14. This year's theme is "Prevent Cooking Fires; Watch what you heat". The Town's EMS personnel have scheduled various training exercises with the different day care facilities and the elementary school on Chincoteague.

OTHER

Comments from other invited agencies and individuals with emergency function duties.

Tracy Turman, Chair

Jason Loftus, Co-Chair

Stephanie Lewis, Secretary

September 11, 2006

Dear Response Agency Head:

The Eastern Shore Disaster Preparedness Coalition (ESDPC) has been actively meeting for over two years to address the needs of the Eastern Shore community in disaster preparation, response and recovery. This is a collaborative effort sponsored by Accomack County, Northampton County and the Town of Chincoteague. In order to encourage more participation in the ESDPC, and in order to exercise the plans of the various responding agencies within the community, a tabletop exercise has been scheduled for **Thursday, October 26, 2006 from 8:00 a.m. to 1:00 p.m. at Shore Financial Corporation.** Shore Financial Corporation is located at 25020 Shore Parkway in Onley, VA (behind Burger King and Food Lion).

The goals of this exercise are:

- a. to test the capability of each agency to respond to a regional disaster
- b. to meet the drill requirement of our representative agencies for purposes of grant funding
- c. to exercise the NIMS protocols that are required of all first responders in 2006
- d. to reveal resource shortfall of each agency for the purposes of planning and budgeting
- e. to address corrective actions needed to improve preparedness and response in our community.

As you can see, this exercise and your collective participation has major implications for the entire Eastern Shore of Virginia. It is our hope that you will dedicate the time and resources necessary to the ESDPC and this exercise by your attendance at this very important meeting. Please RSVP JJ Justis at 787-5880, ext. 278.

Sincerely,

Tracy Turman, Chairman
Eastern Shore Disaster Preparedness Coalition

Preparing the Eastern Shore for all types of disasters and promoting planning and coordination among the counties of Accomack and Northampton, and the Town of Chincoteague.
